1980-81

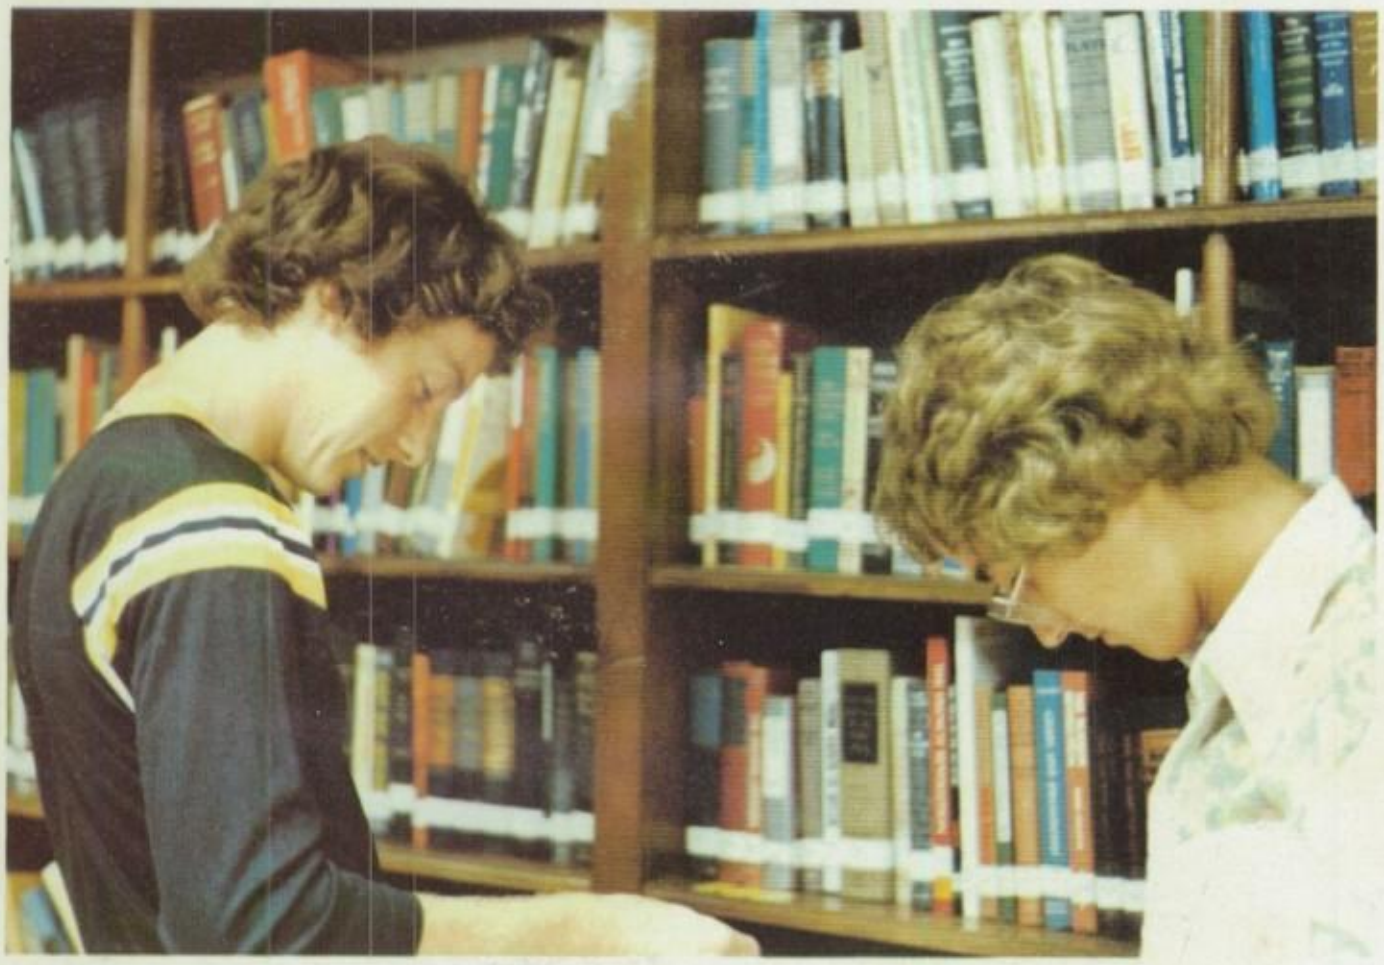
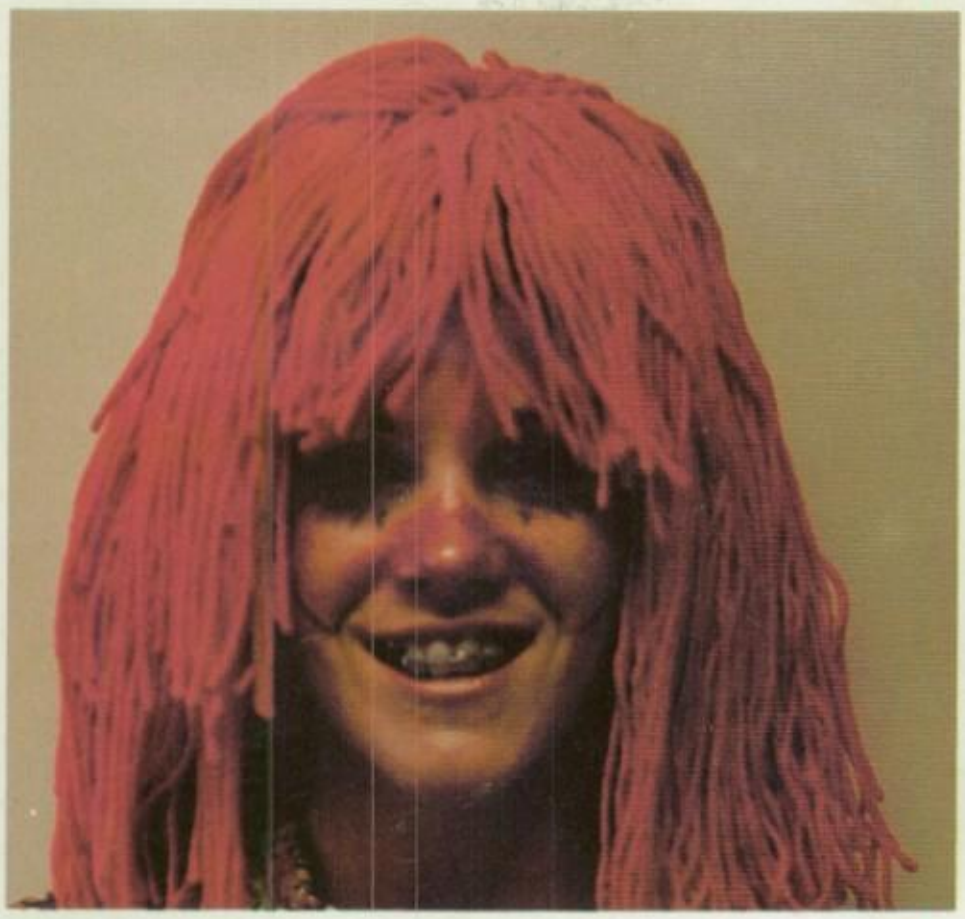
Dear Demonite,

The 1980-81 year at B.H.S. is off to a good start. There are many new faces this year. I hope one day I will get around to meet them all. This year is to be filled with excitement; football season is just around the corner and of course homecoming--every girl's dream; there are the thrills of basketball season; and last but not least there are all the different banquets and graduation. I am really looking foward to all these events. I plan to do everything I can to make B.H.S. an interesting place to be.

Upper left: Pansy White and Bridgette Tate are in no hurry to get home as they walk casually to the buses. **Below:** Tim Payne and Bryan Wood look over the many books to find just the right one for their English theme.



Lower left: Michelle Tittle doesn't always dress like this — only for special occasions like the F.H.A. informal initiation week. **Lower right:** No, you're not mistaken; they are really cheerleaders. These five brave guys cheered at the powder puff football game where the Seniors and Sophomores won 32-0. **Opposite page:** The yearbook class discusses what design they want to use on the cover.



AUGUST 21

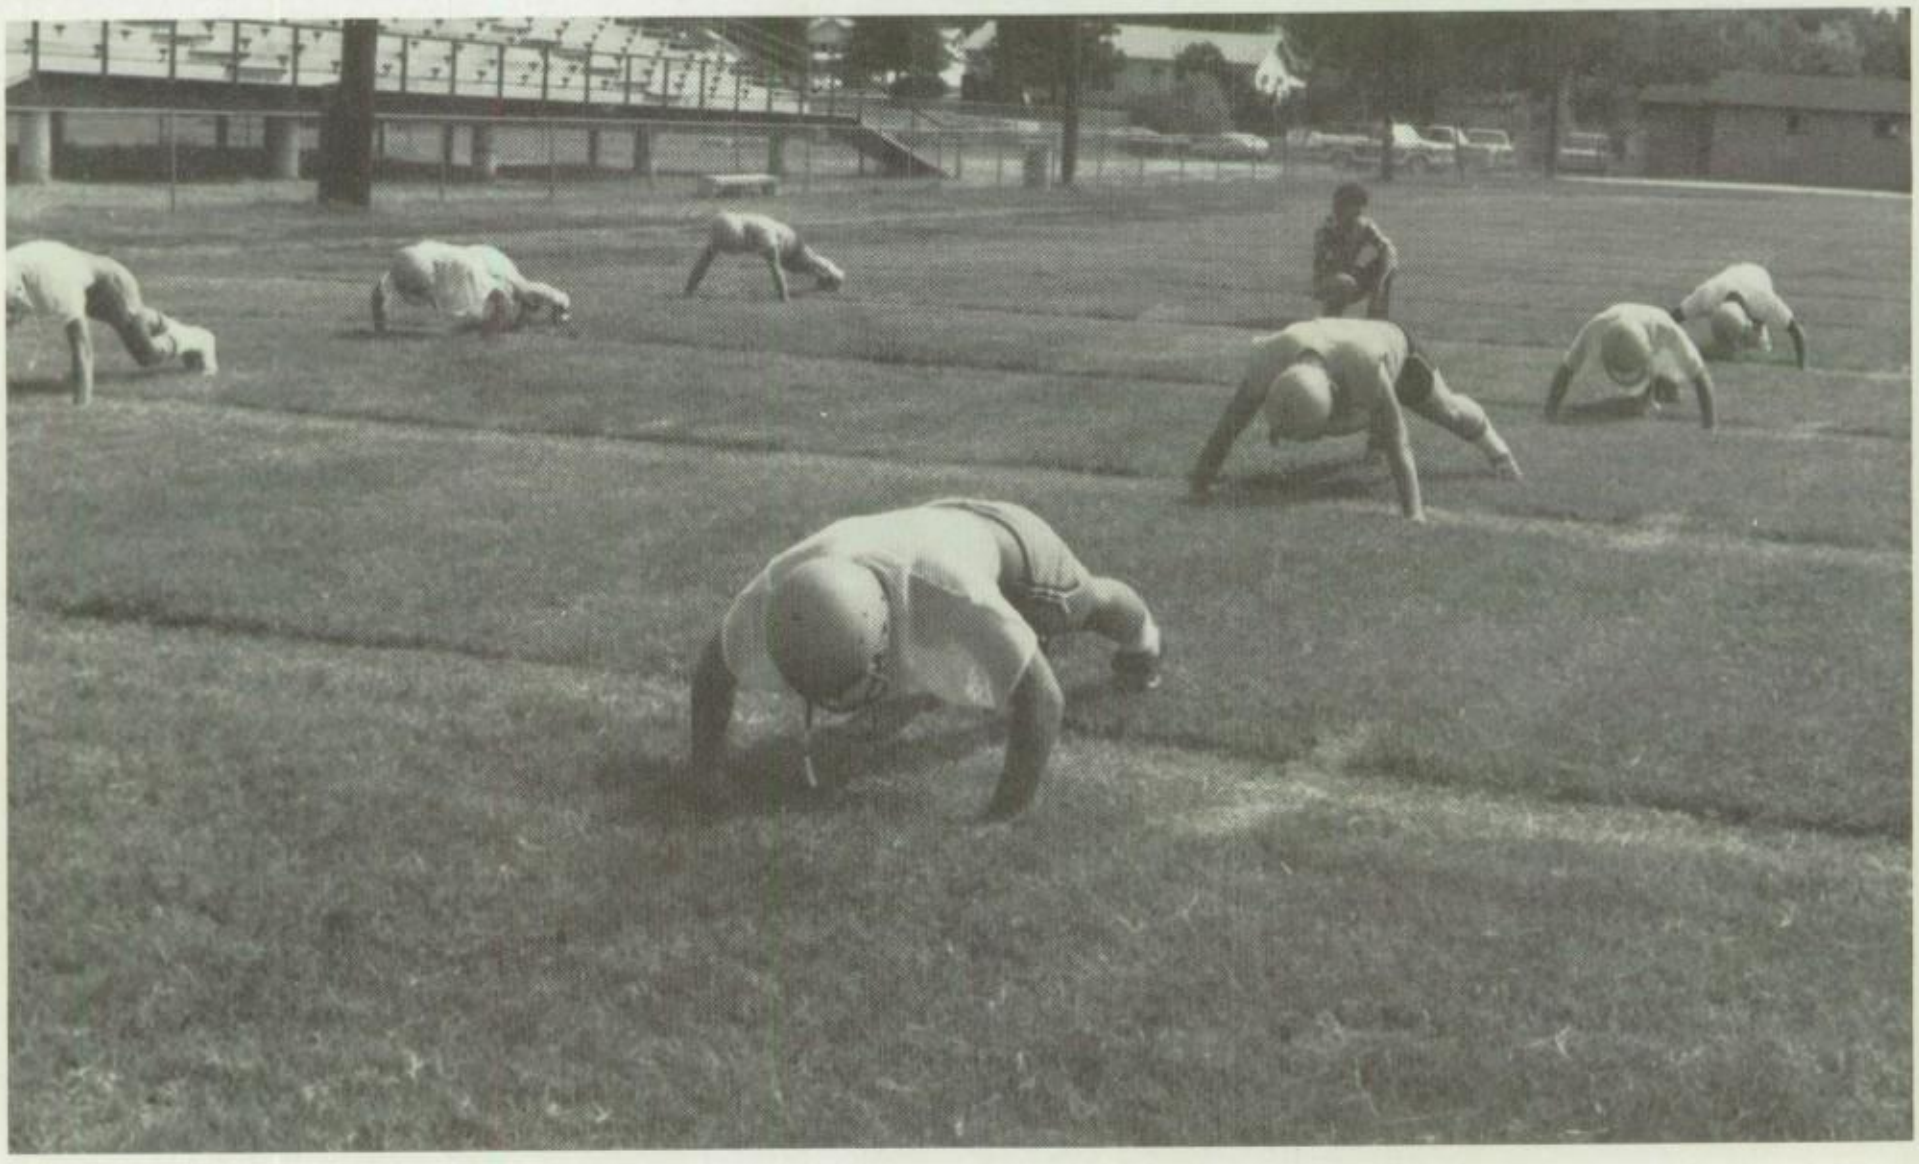
Dear Demonite,

Today I went to enroll! I was really excited. I got to see all my old friends, meet the new students and new teachers for this year.

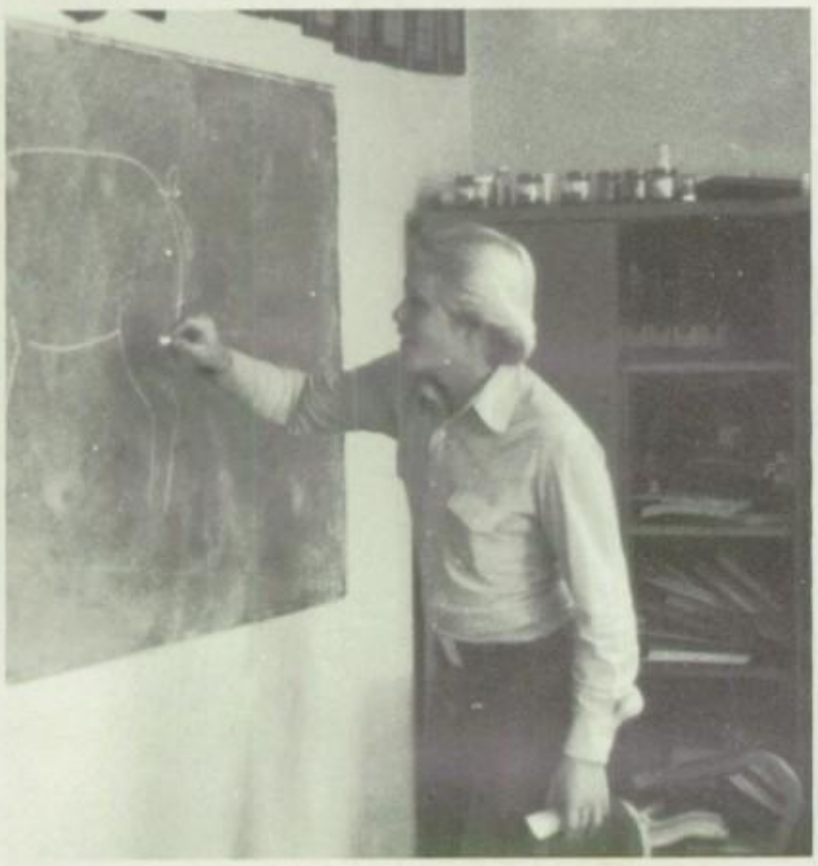
Enrolling today made me realize the end of summer is nearing rapidly. I really have to hurry to finish all the things I promised myself I would do this summer. Only half of my closet is cleaned out and I need to finish sewing my wardrobe before school starts.

Along with the excitement of the first few weeks of school, I'm looking forward to fall erasing memories of the fifty-eight scorching days of one-hundred-degree and hotter weather.

Top: Robin Hamilton spent lots of her leisure time this summer riding her horse, Cupeze. **Bottom:** Although the weather was extra hot, the Demons still gave their all in summer practice.



Summer Ends, A New Beginning



Upper left: Mr. Haworth shows his students how to identify the parts of a pig for butchering. **Lower left:** Renee Thompson shows off the costume she wore for a dance routine in the Miss Black Galaxy Pageant, a Tulsa beauty contest, where she placed first runner-up. **Upper right:** Sheri Sams and Michelle Darby jog early in the mornings to avoid the heat. **Lower right:** Myra Johnson waters her lawn on one of the designated days during water rationing in Beggs.

Below: Mr. Turner watches his furniture design students Tina Robertson, Jamie Gardner and Cheryl Underwood as they practice cutting wood to start on their jewelry boxes. **Lower left:** Lynn Lampkins, and Sean Shaver talk about the new classes for this year while Cindi Humphreys, Carey Rouse, and Robbie Roberts watch eager B.H.S. students unload from their buses. **Lower right:** Darla Henson, Paul Treat, Pam Mitchell, and Bruce McKee take a pause at their locker to try to get over the first-day jitters.

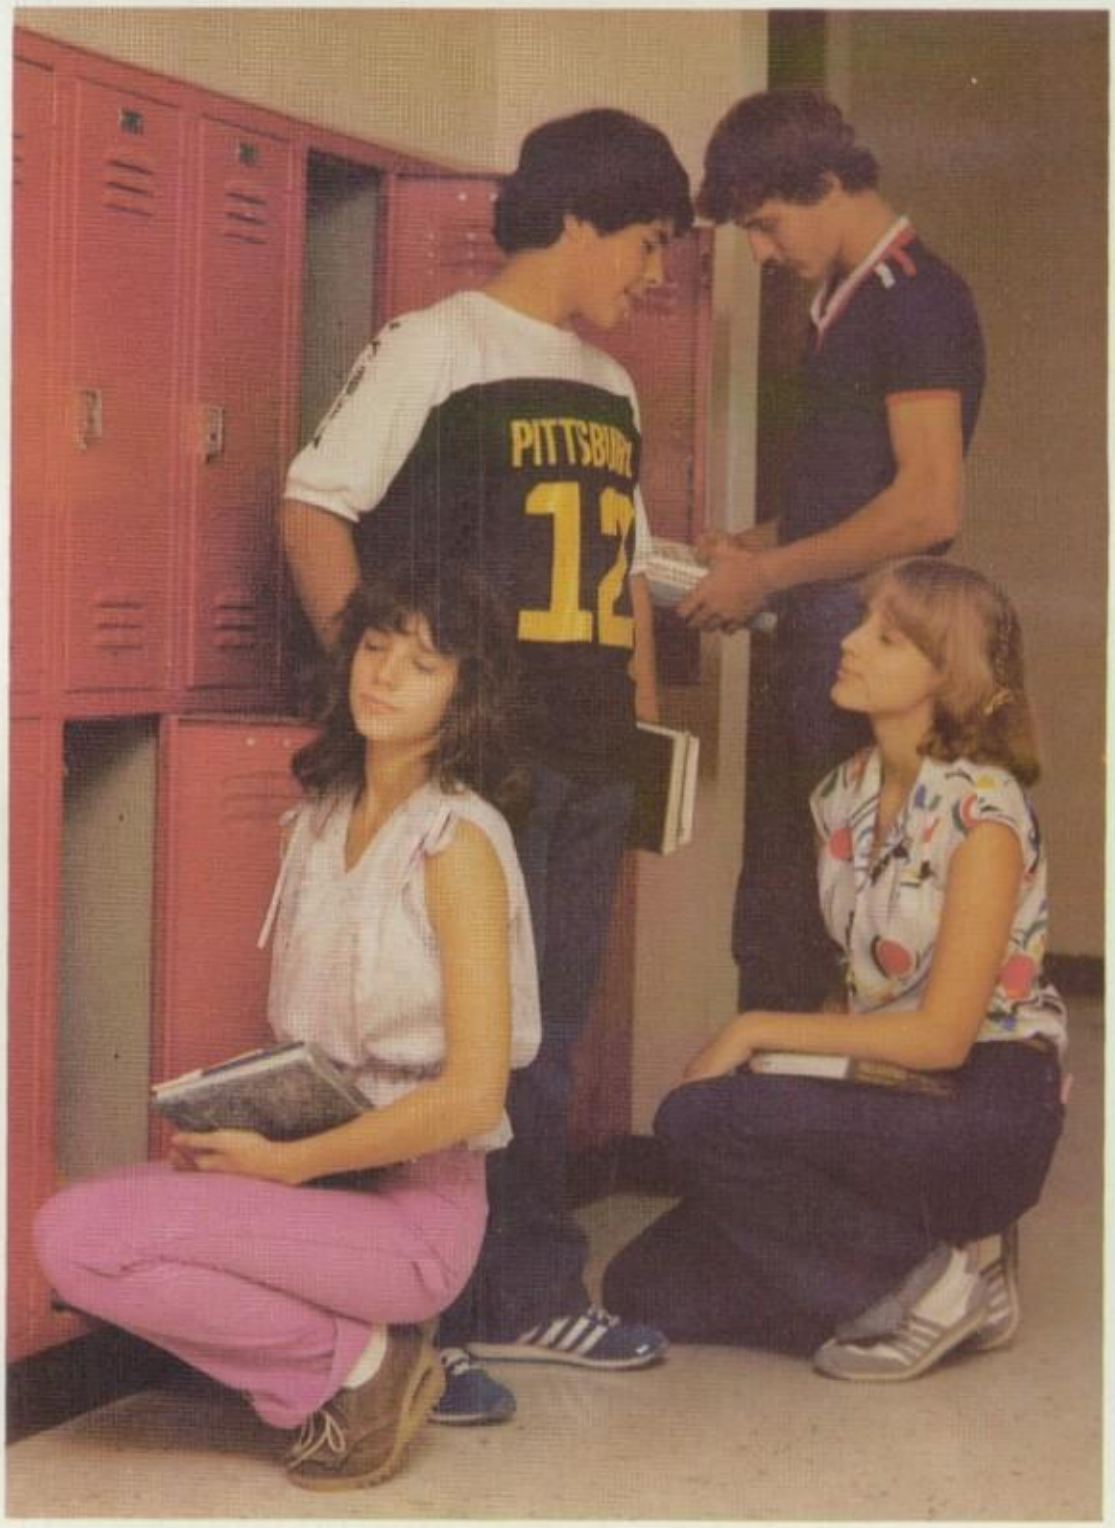
AUGUST 24

Dear Demonite,

Today was the first day of the 1980-81 school year. Everyone looked so nice in their new school clothes. We all seemed excited about starting back to school. Things got off to a good start.

Though not much has changed at B.H.S. there are a few new things like a German course, family living and furniture design.

Well, for the first couple weeks we only have to go to school until one-o-clock because of all the hot weather we have had. What a relief!



Off To A Good Start

Another Day, Another Way

OCTOBER 3

Dear Demonite,

Another day has passed at B.H.S. and we still don't have pop. This summer the state passed a law that stated that we couldn't drink any drinks containing carbonated water before 12:30. Of course by 12:30 we are already back in class. Instead of pop we have the choice of drinking HiC or Hawaiian Punch.

It was kind of windy today; the warm days are dwindling away. Fall has come at last! I have to close now, because we have a football game tonight and I don't want to miss it.

Lower left: The colorful new flags fly on Columbus Day and any other special occasions; they add extra color to the school. **Lower right:** Hoping for a Coca-Cola, like the machine says, John Smith punches the Hi C button.

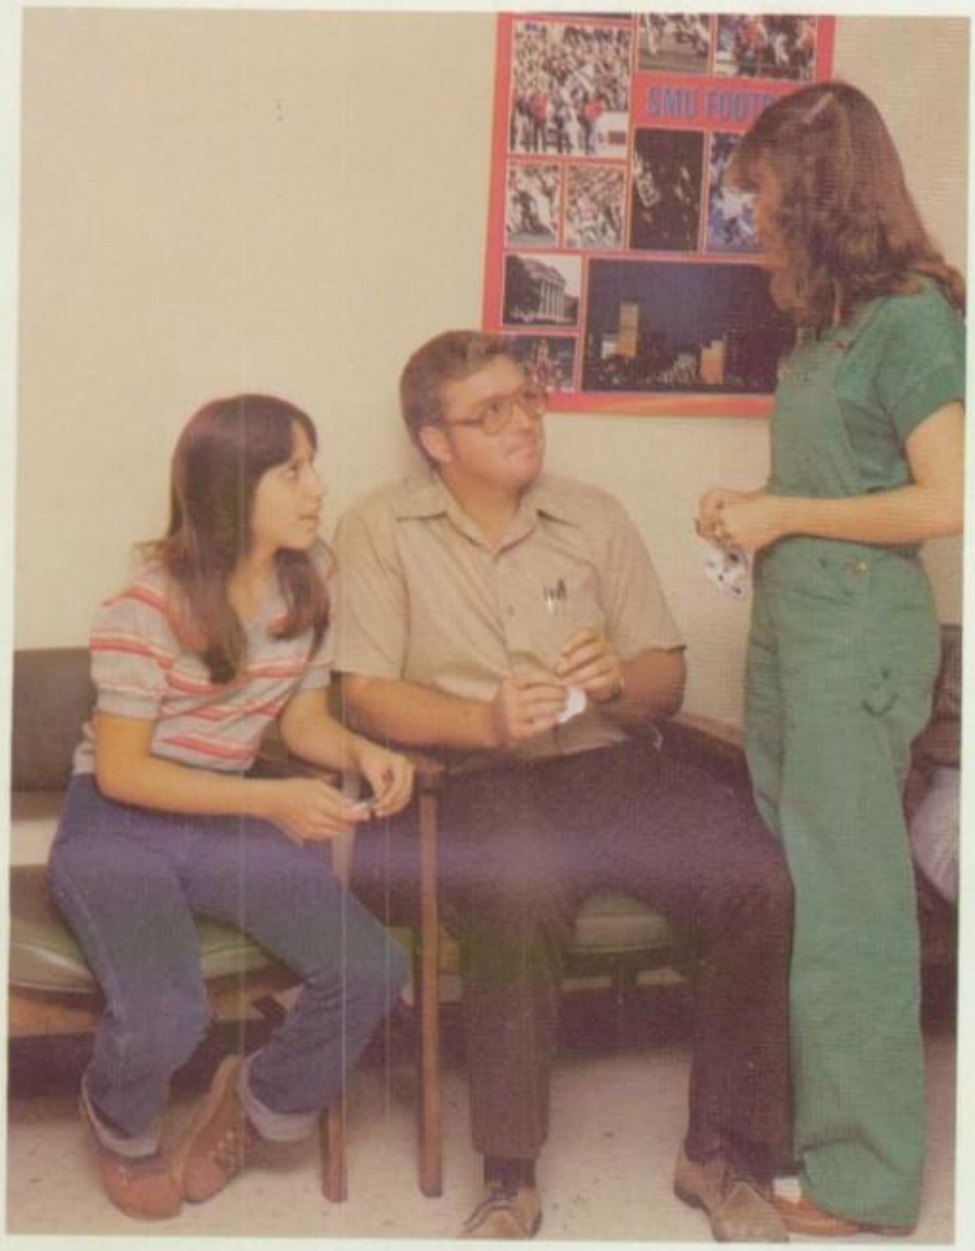
Below: Dana Henson, Vickey Smith, and Carla Hastings enjoy the sunny but breezy day at noon. **Lower left:** Before the shipment of the uncarbonated drinks came in Richard Branson and Philip Roach use up the last of the pop. **Lower right:** The marquis was moved up from the elementary to the high school this summer. Karen Hawthorne is putting up "Go Demons, Beat Bristow."

Homecoming Spirit Aids Victory

Top: The Queen and her Attendants put on smiles despite the cold chilling weather. They are Senior Attendant Paula Culbert, Queen Lorrie Morrison, Junior Attendant Sharon Goudeau, Crown Bearer Ricky Mitchell, and Flower Girl Cassie Hill. **Below left:** The cheerleaders perform a routine that they learned while attending a summer camp at Central State. **Below right:** Marc Harris polishes his trombone for tonight's performance while Lisa Rice and VaLora Adams discuss the outcome of the game.

Sorry I didn't sign this on the page that has your picture on it but these girls are much better looking.
Good luck with the girls. Tommy

Top: Kelly Steele and Merrily Jamison use their charm to persuade Mr. Bradshaw to buy a Demon Key Chain from the Band. **Below:** Pep Club members Wanda Johnson, Andrea Tate, and Audrey Thompson show Homecoming Spirit as they make signs for tonight's game.



OCTOBER 17

Dear Demonite,

What a happy moment it was as we rode around the field in fancy cars waving at the fans, and blushing from the shrill whistle and loud applauding of the crowd. I can still hear the rapid music of the band as it filled the cold night air. My vision was blurred from the flashing and popping of cameras which came from every direction.

I was filled with joy when I was officially crowned the 1980 Football Queen of Beggs High; and when the Demons came out on top against Holland Hall, it made the night even more memorable.

How Do You Spell Relief?

Below: Kellie Miles and Cindy Robinson quench their thirsts after school at the drive-in while discussing the pep assembly for Friday. **Upper right:** B.H.S. students are in a hurry to leave school behind and go out to other activities. **Lower right:** Bridgette Tate remembers the English homework she left behind at school as she hurries to run an errand at Smiths.

Top: Brian Woods forgets completely about school while he works part time sacking groceries at Sam's I.G.A. **Bottom:** Jeannie Taylor rushes to the bus so she can get home to raid the refrigerator.

NOVEMBER 10

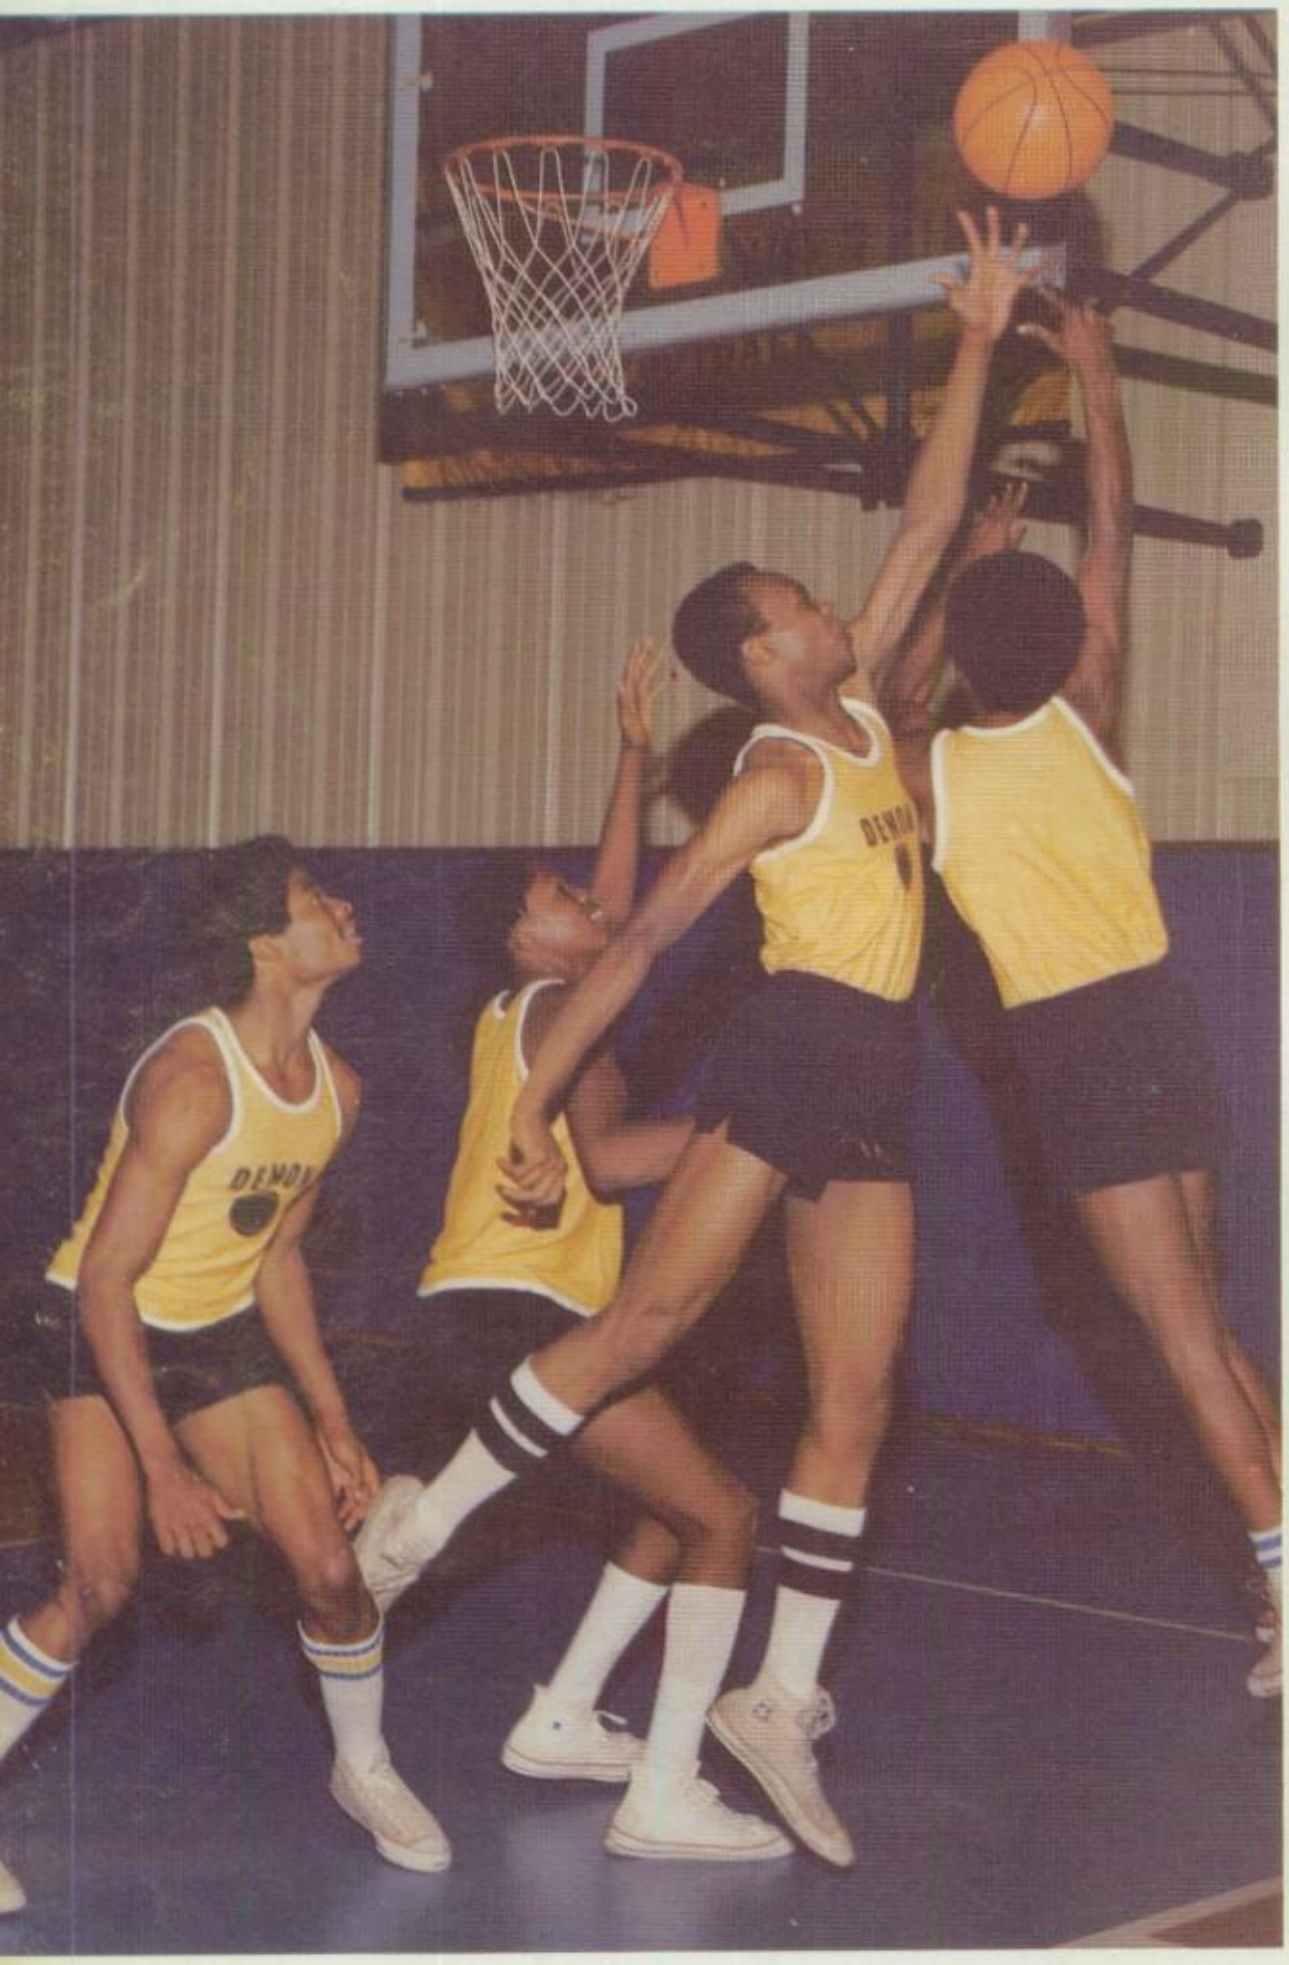
Dear Demonite,

I find I can hardly sit through my sixth hour class waiting for the 3:30 bell. Everyone else must feel the same because when it rings there is a mad dash to lockers and a rushing crowd heading for buses and downtown for a coke. Some go to work, but I have to run errands for Mom. I don't really mind because I see lots of my friends in town.

For a short time we get to set aside the books and pens and take time out for ourselves.

Dedication and Concentration

Right: Chris Critser and Clint McCall take a rest in between the events at the Henryetta track meet. **Lower left:** Craig Redeau and Willie Brown show Micheal Whittaker and Harvey Dailey who's best during a practice session. **Middle right:** Jeannie Taylor shows Susan Foust a few fancy moves. **Lower right:** Rodney Grimmett attempts a base hit against Kellyville.



Top: Richard Branson and Paul Treat test their strength in practice before the Henryetta game. **Bottom:** Susan Eagan, Lisa Hamilton, and Bridgette Tate show Dana Henson and Vickey Smith that their new practice uniforms, furnished by the Booster Club, make you play defense better.

NOVEMBER 13

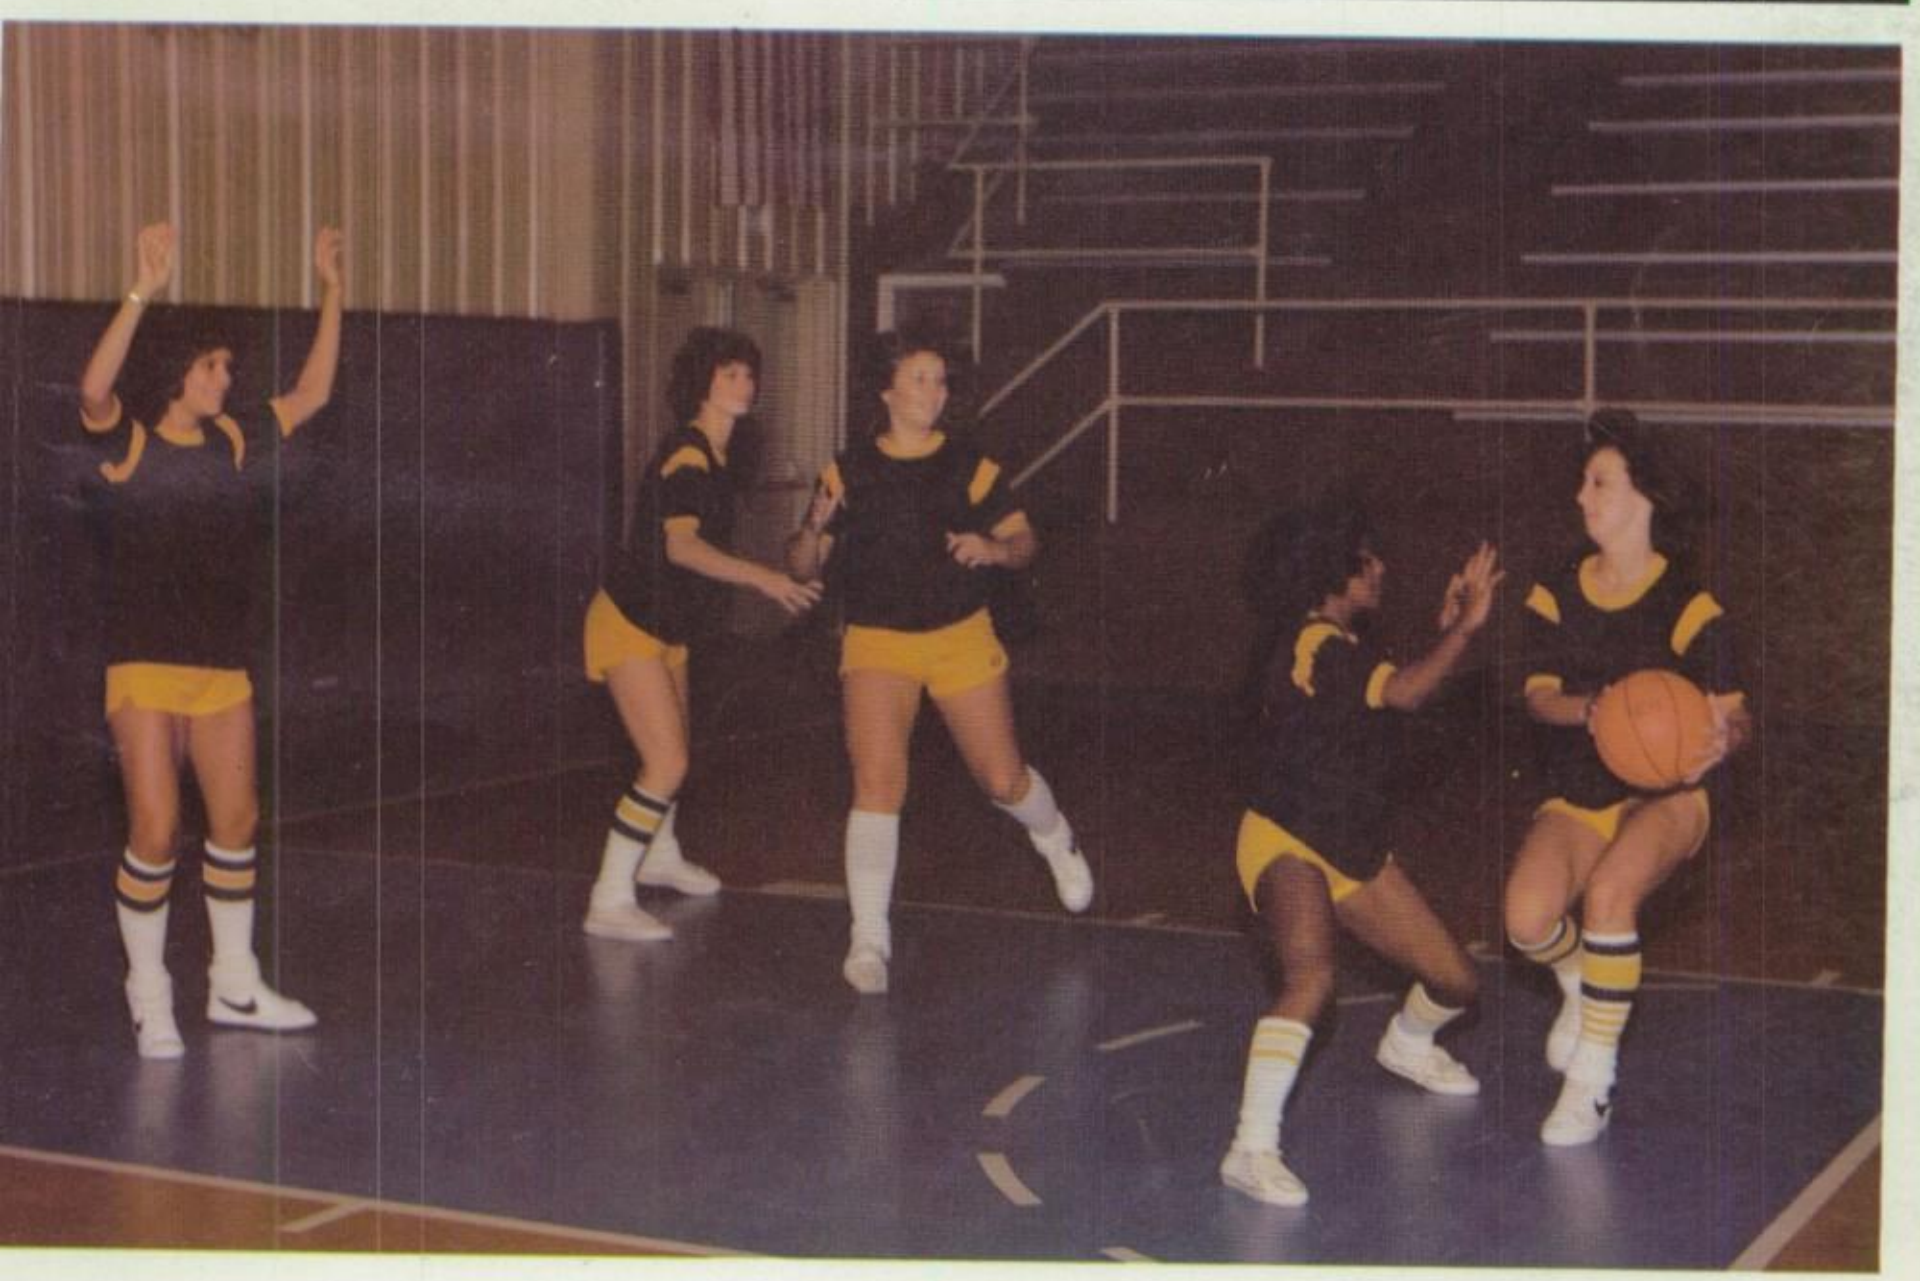
Dear Demonite,

As the days wizz by, everyone seems to be more involved in all the various sports. Despite the scorching weather, everyone still puts out 100% effort.

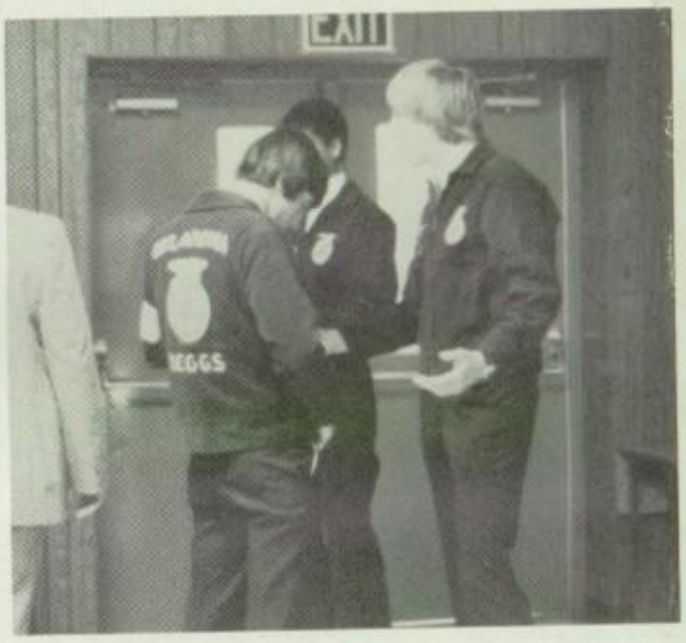
I can drive by the football field after school and see the team practicing hard as coaches Masters, McGee, and Teel go over and over the plays until they're perfect.

Another familiar sound is the echo down the halls 3rd and 4th hours as coach Grimmett polishes his team for the 1980-81 season.

Even though it means hours of agonizing practices, we always seem to have a year filled with exciting sports. Maybe the thought of "Victory conquers all", pushes everyone that last little step.



Upper right: Student Council member Sandi Sams announces the week's activities on the intercom. **Middle right:** Ron Beaver discusses with Chris Creason and David Winfrey what he is going to do after the FFA banquet. **Upper left:** These FHA girls seem to be enjoying themselves at the Watermelon party. **Lower:** The band members are practicing hard on their new song, Longer, for the homecoming half-time show.



Get Organized!

Upper left: Melody Jones, last year's State Sub-district Secretary, poses with Angie Efurd, the new State Sub-district Reporter, at the FHA Rally in Eufaula. **Lower left:** Willie Brown and Ruben Adams are welding on the wood rack that was donated by the FFA to raise money for their chapter. **Lower right:** Mr. Titsworth is working on the new band room on one of the prettier days this winter.

DECEMBER 9

Dear Demonite,

I just noticed today that the band has become only high school students now. Even though it means the band is smaller, maybe we can have a new band room at the high school. When I went to the FHA meeting I saw that we had fewer new members than last year, but when I looked at the points sheet I found that the members seem to be working harder this year.

An FFA member came up to me in the hall and asked if I would buy sausage from him. Instead, I bought a chance on a rick of wood, which was donated by Mr. Bradshaw.

I saw some band members carrying some sacks of aluminum cans to the band room. They must be collecting it to go on their trip this spring.

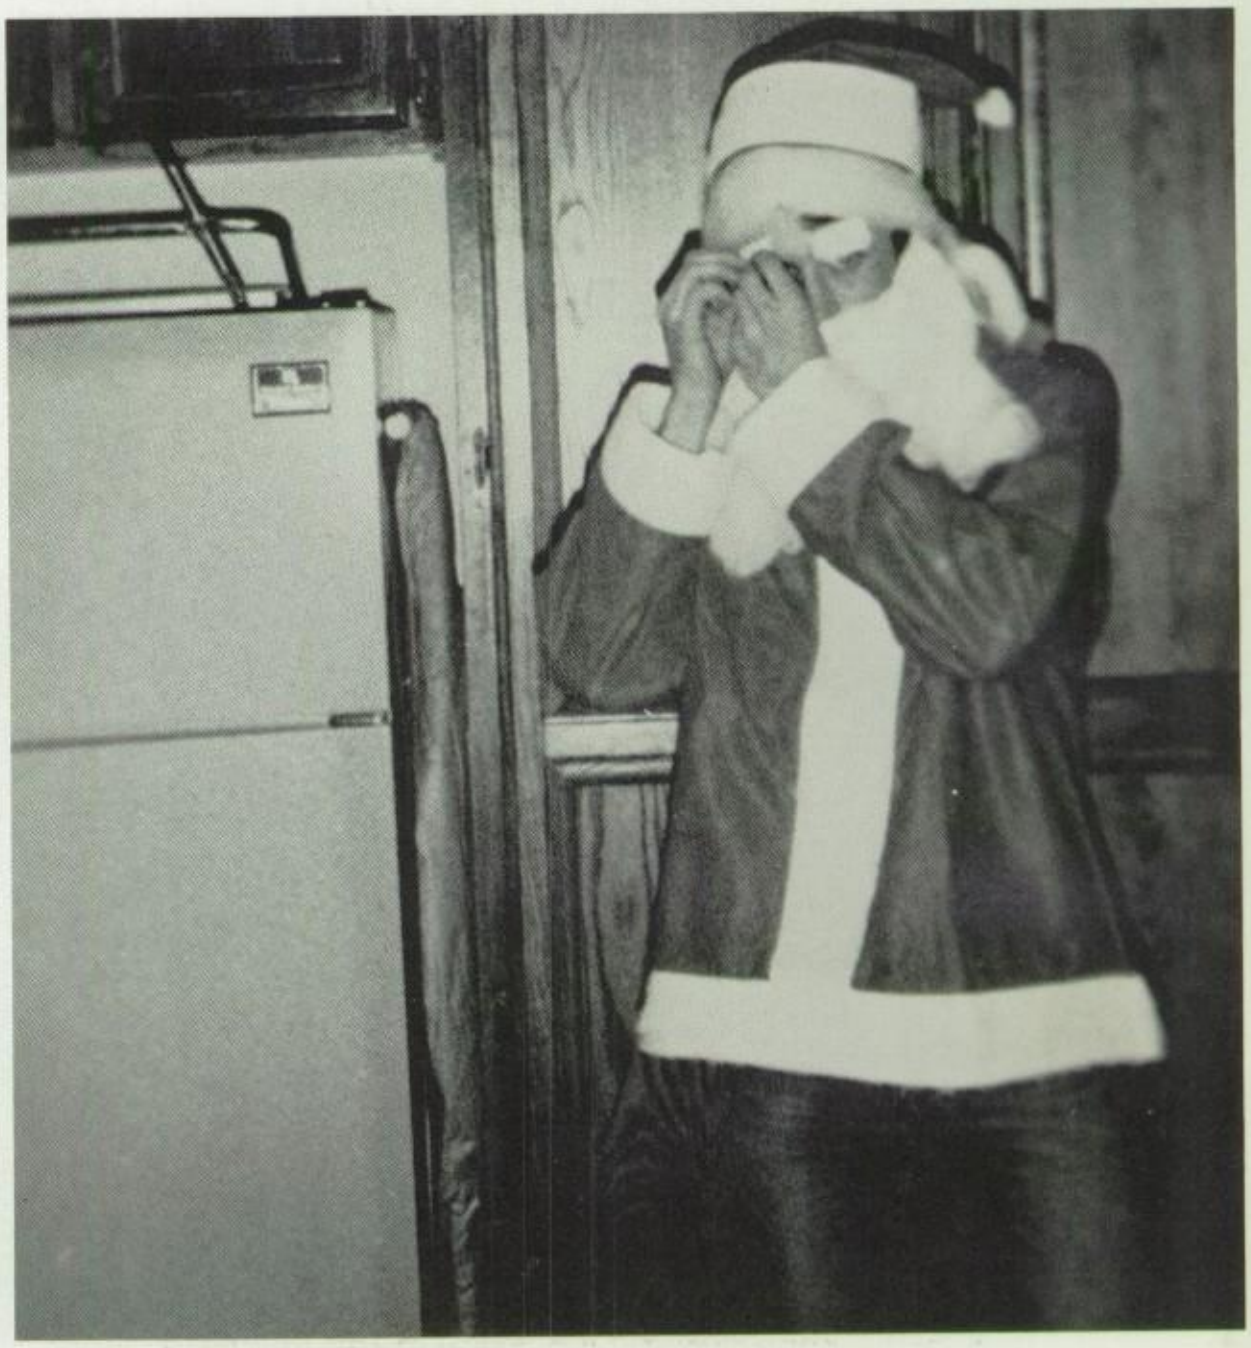
Holiday Memories

MAY 12

Dear Demonite,

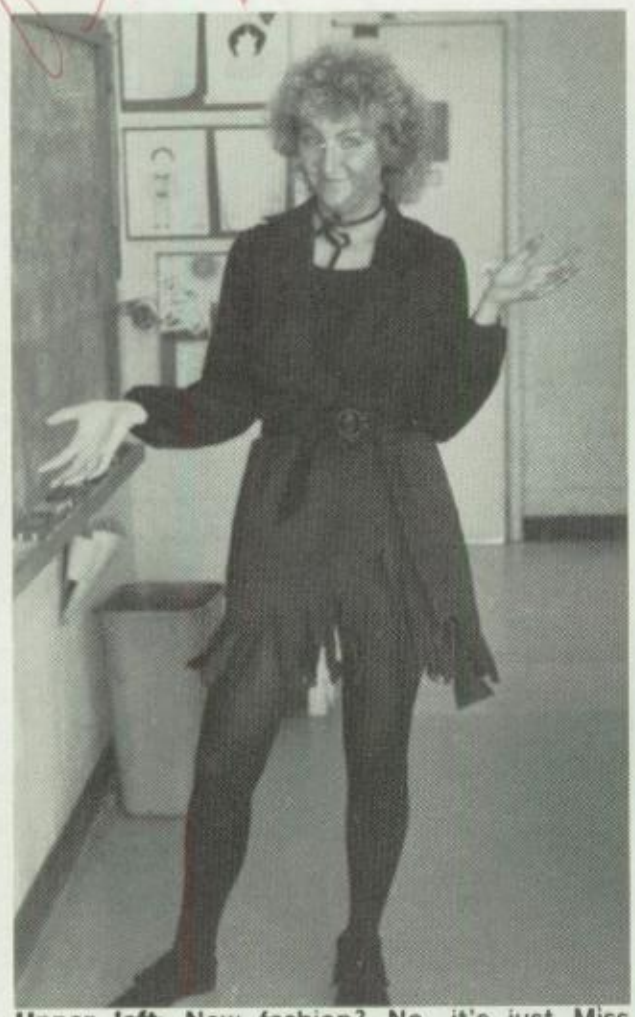
The holiday season seems to have come without much warning, and now it is gone. Decorations for Halloween, Thanksgiving, and Christmas have come and gone so very fast. The festivities of the New Year are all gone. Resolutions have been broken and since been forgotten.

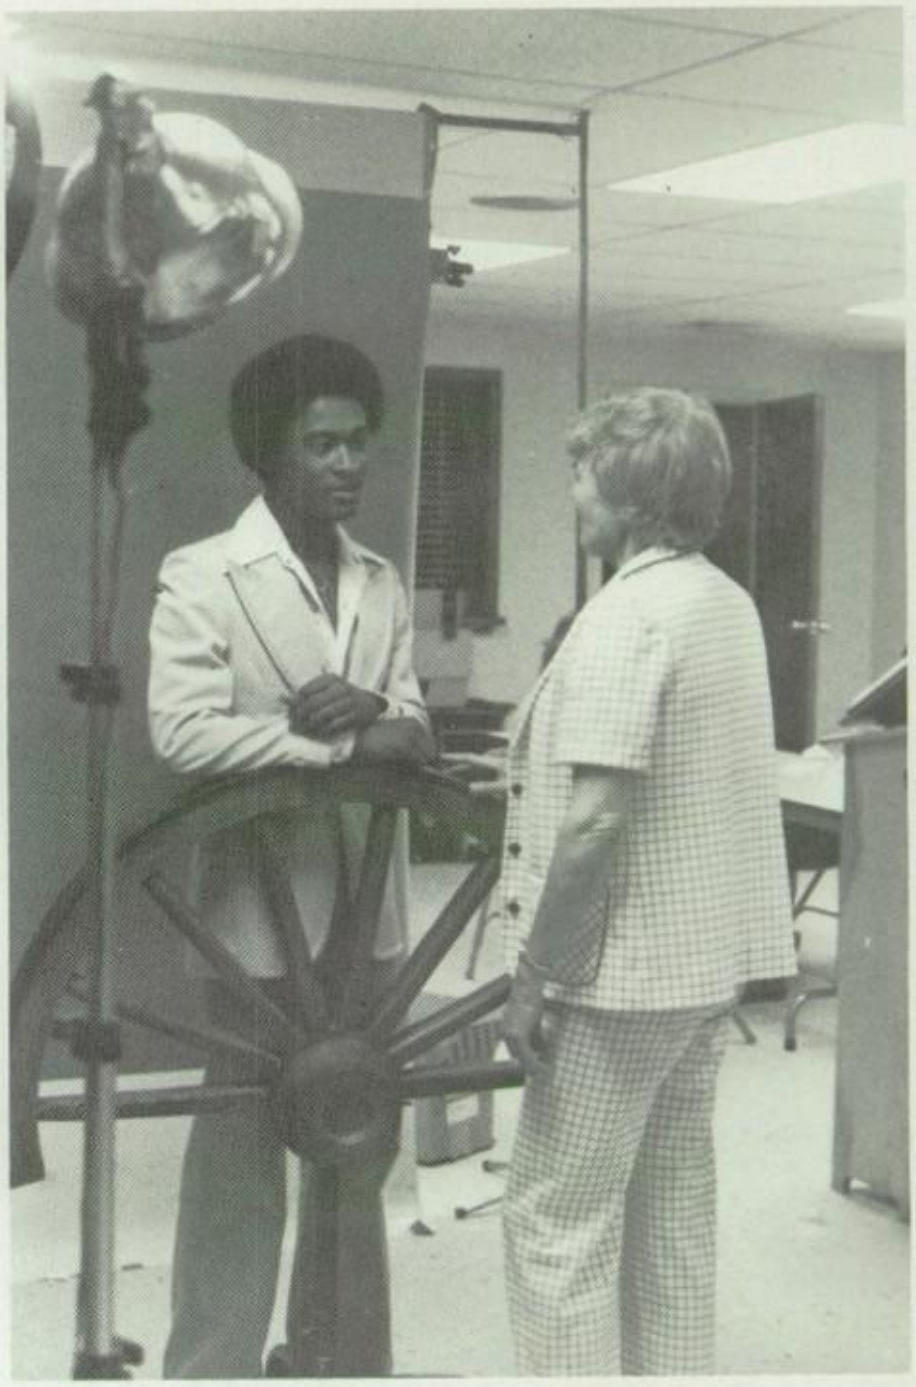
The sign of the warmer days has come; more people going places, birds coming out and the trees and flowers coming back to life. The days left of school are very few. Graduation and good-byes are to come soon. I must go now so I can study for my final exams.



Chris Creason, Kris Kringle, gets ready for the annual F.H.A. Tot-n-Teen party.

Below: As the weather got colder more people could be found inside instead of at the drive-ins. Karen Hawthorne and Sheri Sams are at the Smoke House keeping warm. **Lower left**: Adding a little spice to the holiday season are Dana Henson, Kellie McDaris and Susan Eagan at a Halloween party. **Lower right:** Each year the F.H.A. puts together a Thanksgiving basket. Sharon Goudeau and Sheritha Whittaker organize the canned goods for the basket.





Upper left: New fashion? No, it's just Miss Honeycutt's way of breaking the monotony during the middle school's Halloween party. **Upper right:** Joseph Seymore tries to relax while taking senior pictures by talking to the photographer from Ruth Kelly Studio about his summer job. **Lower right:** Brenda Demery and Charlotte Anderson review the reports they have typed for the N.C.A. evaluation.

MAY 20

Dear Demonite,

As I look back on the past school year a few things really stand out. It seems that once school got underway everything fell into a set routine.

I do, however, recall the days in February when the N.C.A. evaluators visited our school. Everyone was on his best behavior. When the visitors had gone and the news finally came about our being accepted into the North Central Association, the school was elated. But things slowly fell back into an everyday routine.

My Teammates

Memory . . . Part of the Game

"36 power! Down, set, hutt, hutt!" Some probably don't consider the time it takes to memorize the various plays, not to mention all the options. Even after everyone has done the job, can they do it under pressure? Will it be successful for 6 points? These are only a few of the questions that arise.

But with the combination of practicing every day, memorizing plays, and most of all teamwork, the Demons had an exciting season of 6 wins and 4 losses.

Soaring into the air, Willie Brown makes two points for the Beggs Demons.

Coach calls a time out for two minutes to go in the fourth quarter. Looks like they are going for one last shot. The clock is slowly ticking down. A shot is put up; it is good, and the buzzer sounds off. The Demons have won again. Considering that most of the players were young and not used to playing against tough competition, a lot of hard practicing and determination bought the team a 2nd place in the Bristow Tournament and 12 and 9 record for the season.

The gym is quiet. A Lady Demon is on the free throw line. This shot determines a win or loss. The ball is up! It's good! The crowd is on their feet, screaming and applauding! The Lady Demons have just added another victory to their record.

That was the atmosphere whenever the Lady Demons took on their opponents. With half the team consisting of seniors, this year's team remained strong and confident, leading the team to a 2nd place in the Bristow Tournament.

The F.F.A. 1980-81 Sweetheart Vickey Smith.

Membership in the Beggs F.F.A. has reached an all time high with 102 members this year. The chapter received an award from the National F.F.A. Association for increasing their chapter membership by ten or more new members. Many girls entering into Vocational Agriculture and a new instructor have broadened the program to reach the needs of more students. During the year they have participated in annual fund raisers which finance the Parent-Member Banquet and the judging trips. As a result of the broadened curriculum offered in Vocational Agriculture and F.F.A., many students have decided to continue their education in college or achieve needed skills to receive gainful employment.

FHA turned 35 years old this year. Wanting to celebrate another great year, the new FHA officers met at Mrs. Munsey's home this summer to plan a full and exciting year.

Getting things off to a juicy start, a watermelon party was given in honor of the new members, followed by a week of informal initiation. To break in the new members, we had our annual chili supper where 550 hungry chili lovers were fed. Moving on down our list of activities, a tot-n-teen party that Santa Claus never misses (thanks to our FHA Beau) was held.

We also had different projects to help out the community. We raised money for Cystic Fibrosis and helped with a blood mobile.

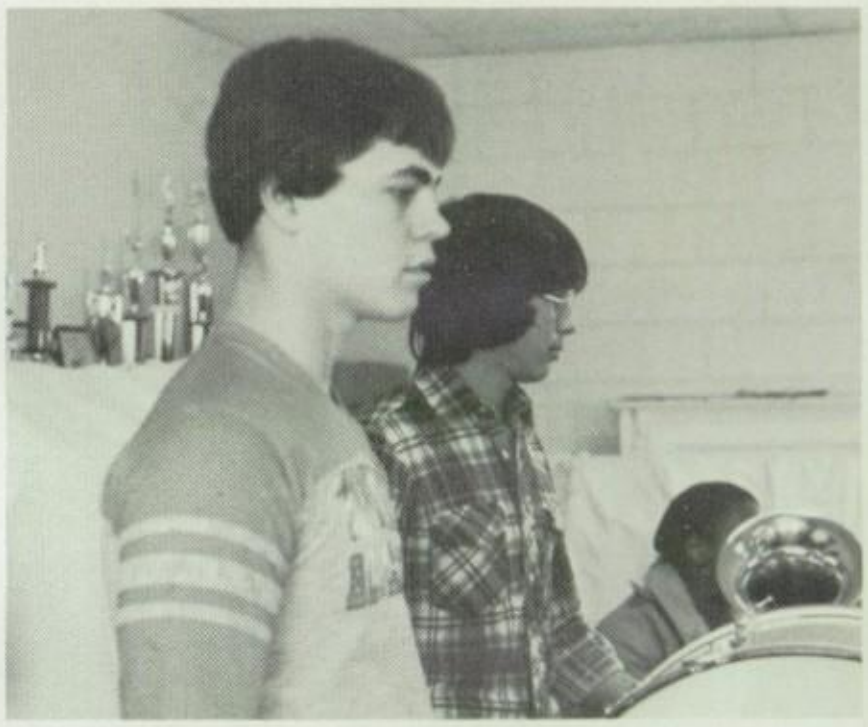
C-o-n-f-i-d, c-o-n-f-i-d-e-n-c-e. Confidence is exactly what this year's cheerleaders and pep club had in the Demons. These two groups have stood behind the Demons 100%.

This year the cheerleaders not only had the pep club to help cheer at the football games, but the pep club also attended the home basketball games.

It really made the Demons feel good to know there's someone rooting for them all the way.

Practice Makes Perfect!

Philip Roach and James Whitetree keep the beat as the band practices their music for the spring contests.



Hey, look what's going up! A new band room at the high school. All the band members can hardly wait until this fall when it is to be finished. The band members are glad because they won't have to go to the middle school every day or ride a bus or drive to the high school after class.

The band room isn't the only thing the members were looking forward to this year; they were also excited about their trip to "Worlds of Fun" in Kansas City, Missouri. Getting enough money to go wasn't easy. They sold popcorn in decorated cans and "Dunk 'em Demons" spirit buttons at the home basketball games. To raise money they also collected aluminum cans and paper; you should have seen all of it stacked up in the band room.

Hey, look at that door! Wow, that looks good! Ours looks better than that! These were some of the comments heard in the halls during the newspaper's door decorating contest. The contest was between all the second hour classes at the high school. Each class that wanted to enter worked to be the winner, because the prize was a sandwich party given by the newspaper staff. The day finally came and the winner was Mr. Stie's Chemistry class.

The yearbook staff started out their sales by putting on a skit in front of the high school. They announced the queen candidates so everyone could buy a yearbook. Each class voted on two favorite girls to sell yearbooks. All together they sold 555 yearbooks; that's a record number!

WHAT I LIVE FOR

I live for those who love me, for those who
know me true;
For the heaven that smiles above me, and
awaits my spirit too;
For the cause that lacks assistance, for the
wrong that needs resistance,
For the future in the distance, and the good
that I can do.

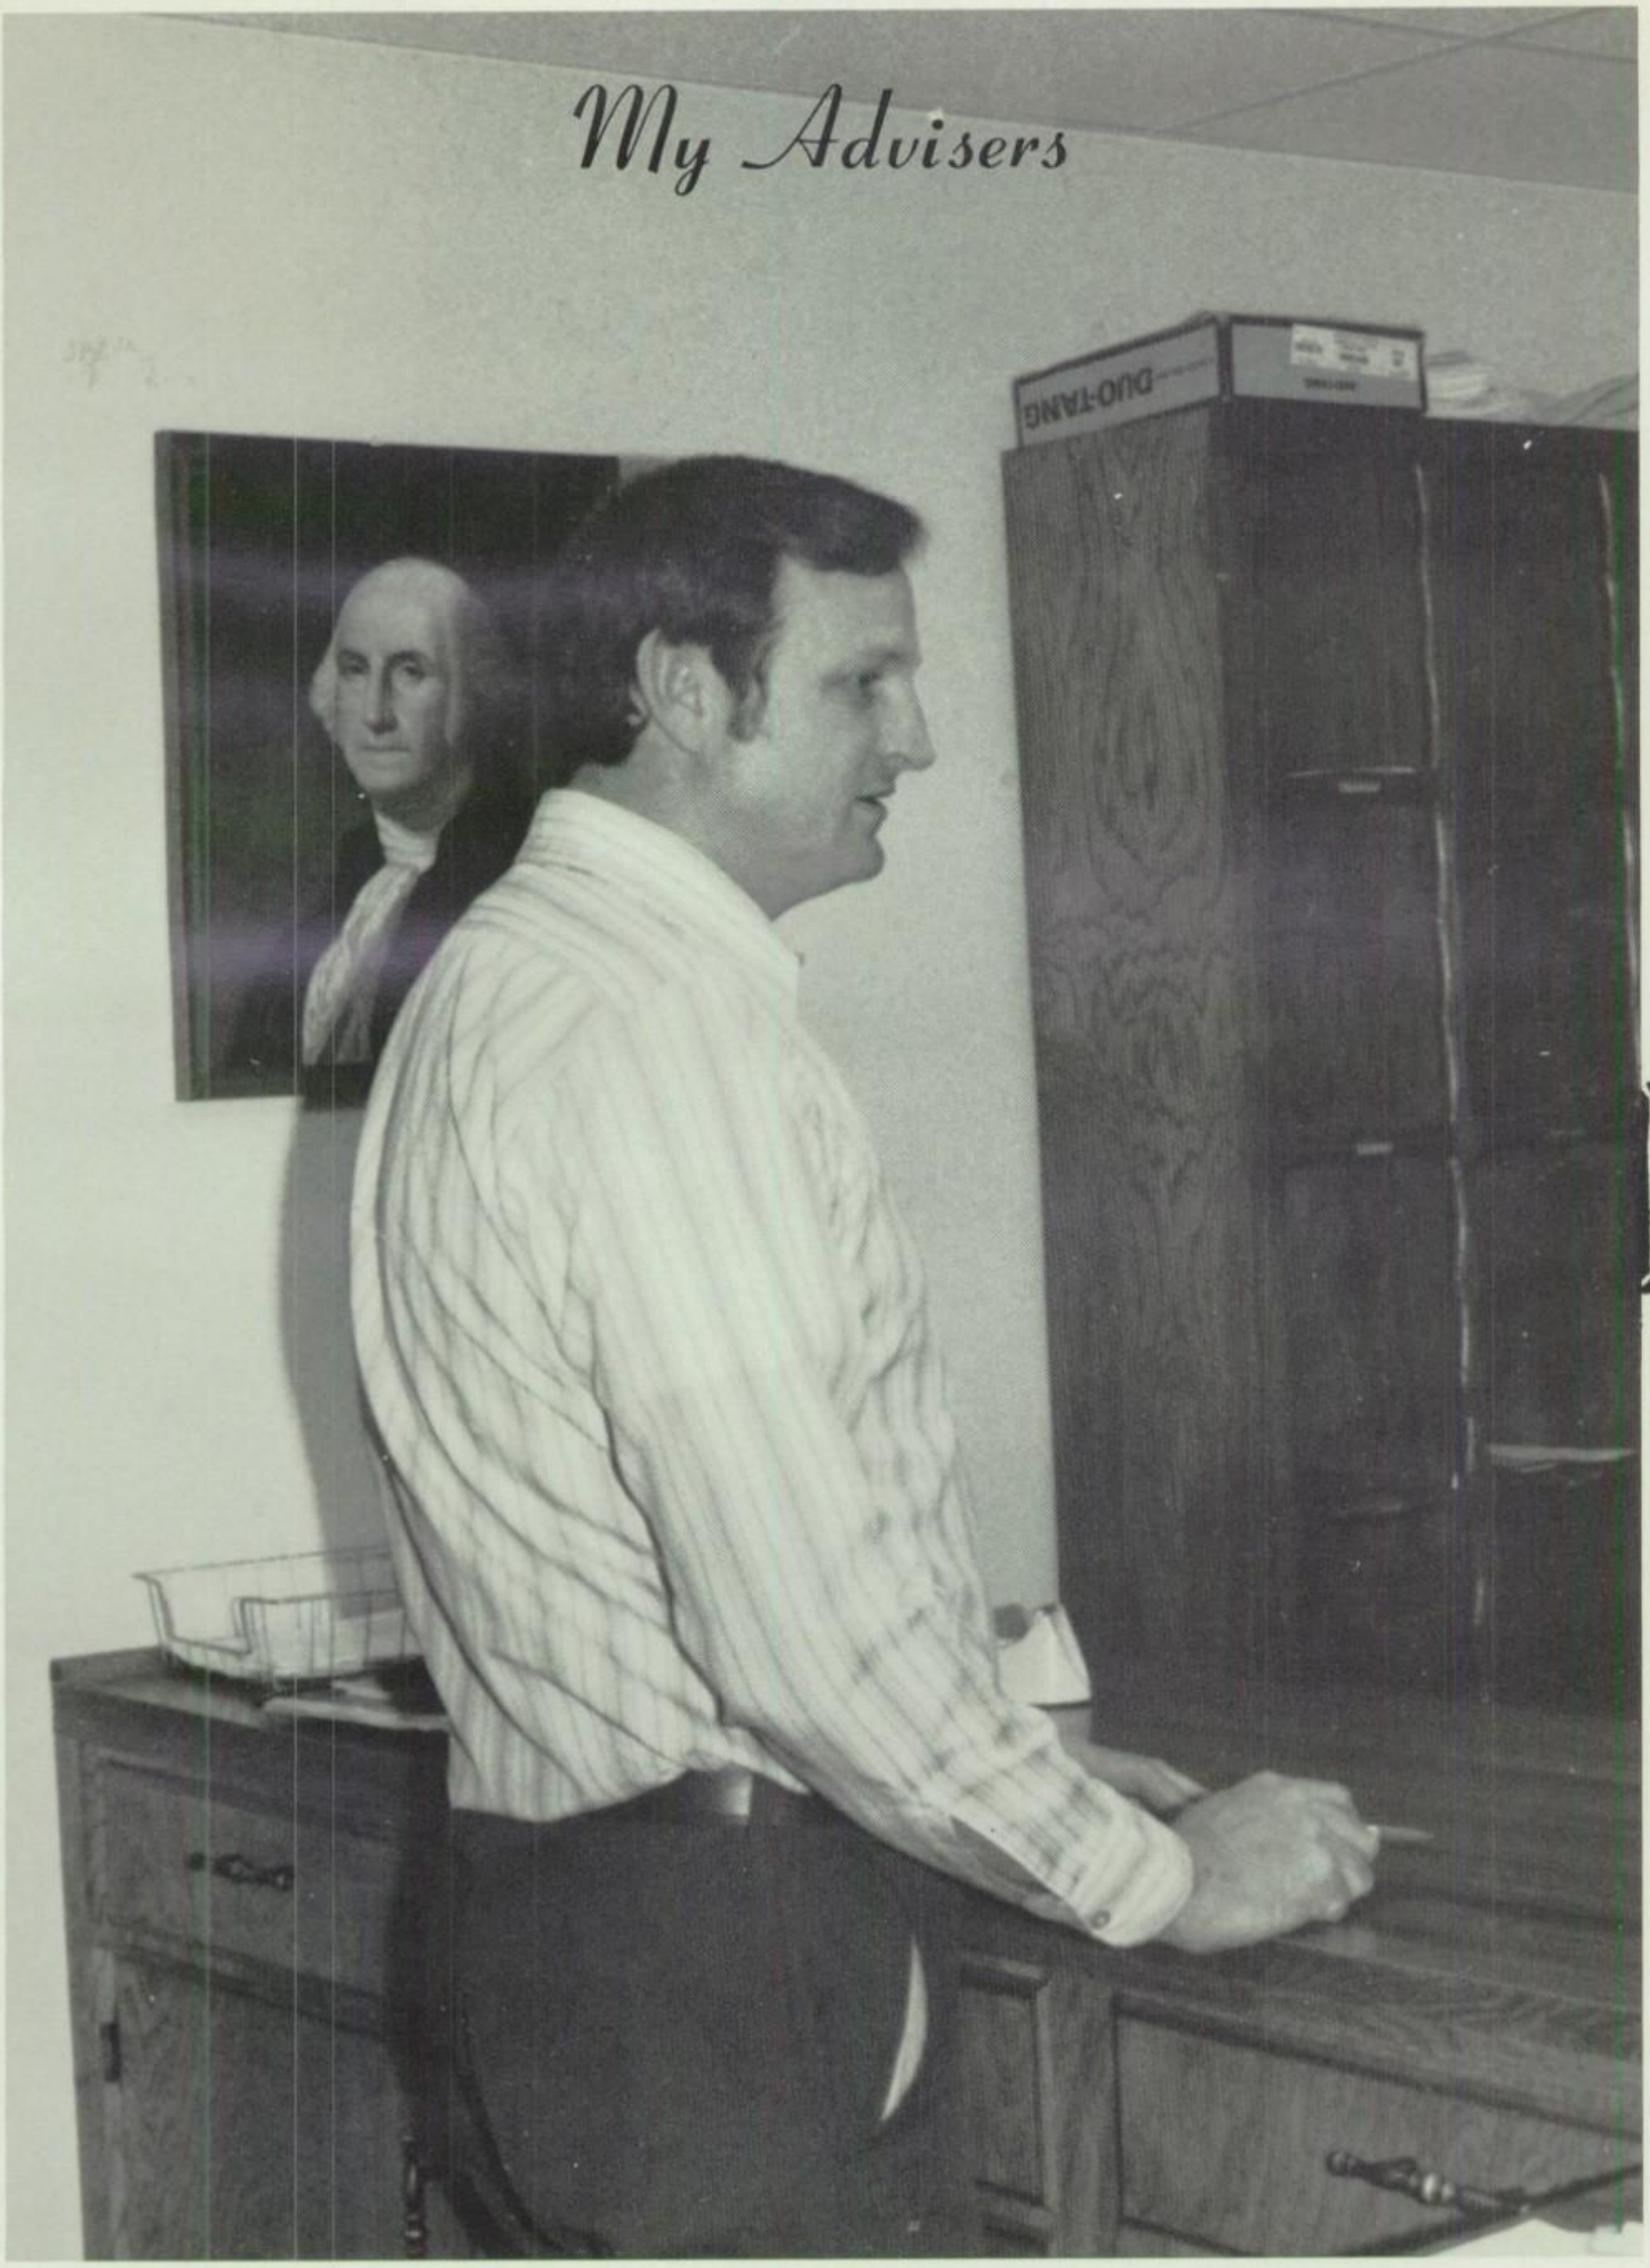
My Advisers



School Board Promotes Improvements

After serving 15 years on the Beggs School Board Jack Jamison has retired. During the 15 years he served on the school board, he has helped bring about many improvements of the Beggs School System and facilities. Some of the changes that have occurred in the past 15 years are the new high school, along with a new baseball diamond, tennis court, and bleachers added to the football field. The teaching staff has increased from 32 to 60 teachers, and the student body has grown from 636 to 852. The yearbook has been upgraded, and the Beggs Band was formed. All of these changes and more have come about because of the school board and their concern of bettering Beggs High.

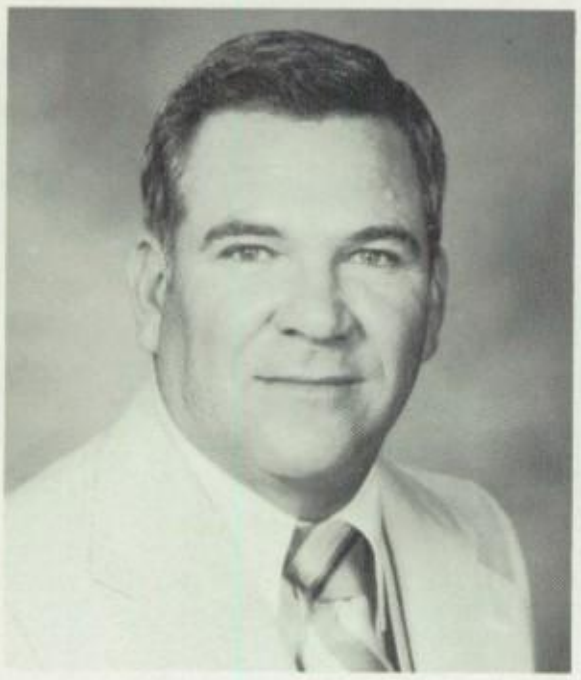
Administration



James R. Henson
Superintendent

Leslie Johnston
H.S. Principal

Vance K. Haggard
M.S. Principal

Lloyd Adams
Elem. Principal

Above: Mr. Henson is shown standing in the band room that is being constructed at the high school.

"Superintendent" — what comes to your mind when you hear that word? You probably think it's some form of a principal, right? Wrong, our superintendent is really the manager of Beggs schools.

For instance, he sets up the money budget. He knows what is spent where and why. He must know if the schools can afford things before they buy or build them.

A good example is the construction of the band room at the high school. Mr. Henson carefully made a budget for the labor, materials, and etc. To make sure everything goes according to his budget, he must supervise how things are done on a day to day basis.

These are only a few of the many jobs Mr. Henson handles everyday. Thanks to him, Beggs schools are able to afford things like a new band room.

Behind the Scenes of B.H.S.

It takes a lot of hard work and know-how to keep a school system the size of Beggs running right. We have a first-rate office staff which works hard to make sure that all the paper work for the school is kept up. In the school system there is also an outstanding kitchen crew that keeps us well fed. There are the janitors whose job is to keep things spic-and-span and the bus drivers who get us to school on time. These people go without much recognition but work very hard behind the scenes of B.H.S.

Dance The Night Away

Dear Demonite,

I can't believe the year has passed so very fast. The Jr. and Sr. banquet was so exciting. This year we had a prom with the banquet. Everyone was dressed so nice; the boys in their tuxedos and the girls in formals. All my favorite kinds of foods were served. I just had a great time.

"I Promise to . . ."

Dear Demonite,

This year has been a year full of promises as election campaigns went on and on. We watched Ronald Reagan take over as our new president and Don Nichols as our new U.S. Senator. The deaths of former Beatle, John Lennon, Mae West and Peter Sellers were so sudden. The year ended on a pleasant note when the school was accredited by the North Central Association.

Dear Demonite,

The 1980-81 school year has slowly come to an end. Many things have happened this year that will always be remembered. Jan. 20, 1981 was a very special day for many people. Our new president was inaugurated, and 52 American hostages were released after 444 days of captivity.

The Winter Olympics were held in the U.S. this year. Our hockey team, going in as underdogs, brought home the gold medal. We had another Olympic hero, Erick Hieden, who brought home 5 gold medals for speed skating A boycott by the U.S., instigated by the Russian invasion of Afghanistan, meant no Summer Olympics. The Oakland Raiders and the Philadelphia Eagles met for the Super Bowl with Oakland victorious 24 to 10.

Philadelphia Phillies went up against the Kansas City Royals to win the World Series for their first time.

The weather was very strange this year as we had 58 straight days of over 100°. We had a very mild winter with many days passable as spring. All in all this year has been one filled with memories.

Lower left: Cindy Robinson cheers the Demons on to a victory over Morris during the Bristow Tournament. Lower right: Lynn Lampkins gives football queen Lorrie Morrison her bouquet of roses after the coronation. Upper left: Kelli Holdaway, Mr. Stie and Kellie McDaris show off the chemistry room door, the winner of the door decorating contest. Upper right: Waiting to find out who wins the Jr. High homecoming, the attendants wait patiently.

Life may take us far away, but our memories of yesterday will never fade.

To a good person to go to school with.
Have a Next year. Your friend Leroy
